Aspire together, achieve together
adfecere pariter, perfecere pariter

Overview

Key Stage 3

Sociology is not taught at Key Stage 3.

Key Stage 4

Sociology is not taught at Key Stage 4.

Key Stage 5

In year 12 students focus on developing skills of analysis and evaluation and apply this to topics of family, education and research methods. In year 13 they hone these skills and explore inequality in society and how this relates to crime and deviance. Students will be given opportunities to apply theoretical knowledge to contemporary debates. Throughout the course there is an emphasis on learning to think critically and use evidence to support logical arguments.
